## Agilent Next Generation Sequencing Meeting

Monday, January 18<sup>th</sup>, 2010

Auditorium 3-03, Centre for Applied Bioinformatics, KU-LIFE,  
Thorvaldsensvej 40, 1871 Frederiksberg, Copenhagen

12:45 – 1300

Welcome coffee

13:00 – 14:00

**The Agilent Technologies SureSelect™ Platform for Target Enrichment**

*Emily LeProust, Ph.D.*

*Director Applications and Chemistry R&D, Agilent Technologies*

14:00 – 14:30

**Ensuring Optimal DNA Quantity/Quality for Next Generation Sequencing with Agilent's New Bioanalyzer High Sensitivity DNA Kit**

*Speaker to be confirmed*

*Agilent Technologies*

14:30 – 15:30

**Mapping chromatin remodeling by DNase I hypersensitivity during Adipocyte Differentiation**

*Ronni Nielsen, Ph.D.*

*Institute for Biochemistry and Molecular Biology, University of Southern Denmark, Odense*
