

1. Create account by clicking [LogIn]

The screenshot shows the IDT website homepage in Microsoft Internet Explorer. The browser window title is "Integrated DNA Technologies - Microsoft Internet Explorer". The address bar shows "http://eu.idtdna.com/Home/Home.aspx". The website header features the IDT logo and a navigation menu with links: Home, Catalog, Order, Support, SciTools, and LabLinker. A search bar is located to the right of the navigation menu. In the top right corner, there is a blue button labeled "[LogIn]" with a red arrow pointing to it. Below the [LogIn] button, the text "Worldwide" and "0 Items € 0,00" is visible. The main content area includes a banner for "SameDay oligos" with a cheetah image and the text "WHEN YOU NEED IT FAST". Below the banner is a "Featured Products" section with four product cards: "Dicer-substrate siRNA", "miniGenes", "454 FUSIONPRIMERS", and "miRNA StarFire". On the right side, there is a "SciTools" section with links to RNAi Design, PrimerQuestSM, mFold, and OligoAnalyzer 3.0. Below this is an "OligoCard" section with the text "The OligoCard is a simple and easy solution to streamlining your purchasing process." and a link to "Technical Reports and User Manuals". At the bottom right, there is a section titled "What IDT Does" and "Synth Trade In" with a link to "Click here for information on IDT's Synthesizer Trade-In Program."

2. Select *Set up new account*

The screenshot shows a Microsoft Internet Explorer browser window displaying the Integrated DNA Technologies website. The address bar shows the URL <http://eu.idtdna.com/GateKeeper.aspx>. The website header features the IDT logo and a navigation menu with links for Home, Catalog, Order, Support, SciTools, and LabLinker. A search bar is also present. In the top right corner, there is a [LogIn] button and a shopping cart icon showing 0 items for € 0,00. A chat window notification states "Chat is currently closed. Please click to email Customer Service".

The main content area is titled "Please log in" and contains a login form with fields for "Login Name:" and "Password:". A "Forgot Password?" link is next to the password field. Below the fields are a "Login" button and a checkbox labeled "Remember me on this computer". A blue informational box to the right of the form reads: "To save your login information so that you don't have to retype it the next time you sign in, select the remember me on this computer checkbox. If you're using a shared computer, don't use the remember me on this computer checkbox."

Below the login form, there is a section titled "Set up a new account" with the text: "If you do not have an IDT web account, please click the button below to set up a new account." A red arrow points to a "Set up new Account" button.

At the bottom of the page, there is a copyright notice: "© Copyright 2008 Integrated DNA Technologies, Inc".

3. Fill in all field with an asterix, click **Save** and you are logged in !

IDT SameDay[®]
INTEGRATED DNA oligos
TECHNOLOGIES WHEN YOU NEED IT FAST

Featured Products

DICER-SUBSTRATE
siRNA[™]

Dicer-substrate siRNA duplexes available for screening application up to large-scale in vivo testing.

miniGenes

Gene synthesis 50-500 bp for only € 0,49bp + € 75 set-up fee.

IDT
Clinical & Commercial Manufacturing

ISO 13485:2003 certified manufacturing for production of IVD and ASR oligonucleotides.

miRNA StarFire

Nucleic acid labeling system for identifying small, regulatory RNA and analyzing miRNA gene expression.

IDT SciTools
RNAi Design PrimerQuestSM
mFold OligoAnalyzer 3.0

OligoCard
1234 5678 9012

Order the oligos you want to order, when you want to order them.

Synth Trade In
Turn your used DNA synthesizer into the primers you need today. Click [here](#) for information on IDT's Synthesizer Trade-In Program.

5. Choose the oligo type you want. The example here is for a standard DNA oligo

The screenshot shows the Integrated DNA Technologies (IDT) website interface in a Microsoft Internet Explorer browser. The address bar shows the URL <http://eu.idtdna.com/order/order.aspx>. The website header includes the IDT logo, a navigation menu with links for Home, Catalog, Order, Support, SciTools, and LabLinker, and a search bar. A chat window is visible in the top right corner, indicating it is currently closed. The main content area is titled 'Products' and features several product categories. A red arrow points to the 'DNA and RNA Synthesis' category, which is highlighted. This category lists 'Custom DNA Oligos', 'Custom RNA Oligos', 'Ultramers Oligos (up to 200 bases)', and '96-well Plates'. Other categories include 'Expedite Products', 'Fluorescence-based Applications', 'Functional genomics', and 'Synthetic Biology'. The 'Expedite Products' section lists services like 'SameDay Oligo Service' (shipping in 1 business day), 'Express Dual Labeled Probes' (shipping in 2 business days), 'Rapid HPLC Service' (shipping in 2 business days), and 'HOTPlates' (shipping in 2 business days). The 'MicroArray Products' section lists items like 'Cy3 SpotQC Detector Oligo' and 'Biotin SpotQC Detector Oligo'. The 'Reagents and Markers' section lists 'IDTE Buffer' and 'Duplex Buffer'. The right sidebar contains an 'Order Center' section with a 'Quick Select' dropdown menu listing 'DNA Oligos, One at a time', 'DNA Oligos, 10 to a page', 'DNA Oligos, Paste Excel', 'RNA Oligos, One at a time', 'RNA Oligos, 10 to a page', and 'RNA Oligos, Paste Excel'. Below this are sections for 'Recent Orders' and 'Saved Orders', both with 'view all' links. The 'Recent Orders' section has columns for 'Order Nbr', 'Order Date', and 'Status'. The 'Saved Orders' section has columns for 'Order Name' and 'Order Date'. A 'Featured Products' section at the bottom right lists 'TriFECTin' and 'Screening DsiRNA'.

6. Choose the way you want to enter the oligos

The screenshot shows the IDT website interface in Microsoft Internet Explorer. The browser address bar displays <http://eu.idtdna.com/order/OldOrder.aspx?type=dna>. The website header includes the IDT logo and navigation links: Home, Catalog, Order, Support, SciTools, and LabLinker. A search bar is located on the right side of the header. Below the header, there is a navigation menu with links for Products, View Cart, Order History, Wishlist, My Account, OligoCard, and Delete All Items. The main content area is titled "Order Form Selection" and lists four options for entering oligos:

- Single Entry**: Enter modified sequences and more complex structures, one at a time. This option is selected with a checked checkbox.
- Multiple Entry**: Number of Items: . A red arrow points to this option.
- Excel or Text Paste Entry**: Paste multiple sequences from Excel or a text file directly into the website.
- Duplex Entry**: Enter duplexed DNA, one duplex at a time.

At the bottom of the page, there is a copyright notice: © Copyright 2008 Integrated DNA Technologies, Inc.

7. Enter your sequence, sequence name, choose the purification type and synthesis scale for every oligo and click *Add to Order*
